

# SHERMAN E. BURROUGHS HIGH SCHOOL

## WELCOME TO THE 2019-20 SCHOOL YEAR

### Back to School Information

Greetings and welcome to the 2019-2020 school year. I am excited to be the principal this coming school year. I look forward to working with you and your student in the upcoming year. As we prepare for the beginning of school, please visit our website ([www.burroughs.ssusd.org](http://www.burroughs.ssusd.org)) to access all “Back to School” information. Items which are posted to the website that should be reviewed include the Course Description Guide, Student Handbook, discipline policies, and other important information. Those items which will need to be filled out by parents will be sent home with your student on the first day of school (i.e. Emergency card, Open Campus Lunch, etc.). Included on the reverse of this page is the school calendar for the 2019-2020 school year for your convenience. This calendar includes our school bell schedules and the Late Start Wednesday schedule.

Please note: The first day of school is Tuesday, August 13. Each student (even the freshmen, who received a possible schedule during orientation) will need to go to the multi-use room on the first day of school before the school day starts at 7:45am to pick up his/her class schedule and his/her temporary ID card. Please notice there is a non-school day for students on Friday, October 18. The teachers will be in training on this day. Also, notice that spring break this academic year is April 6-10, 2020 instead of March, where it has been the past several years.

**Administration Building:** As many of you know, the administration building is now located at the front of the school next to the CTE building (engineering building). The administration building hosts the administration, counselors, records office, attendance office, and the new college & career center. There is guest parking available for visitors directly in front of the administration building. All visitors must access services or the campus through this new facility.

I am eager to get started and look forward to a successful school year!

Carrie Cope  
Principal
